

# SALLI MULTIADJUSTER

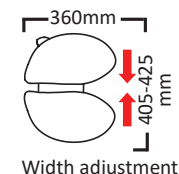

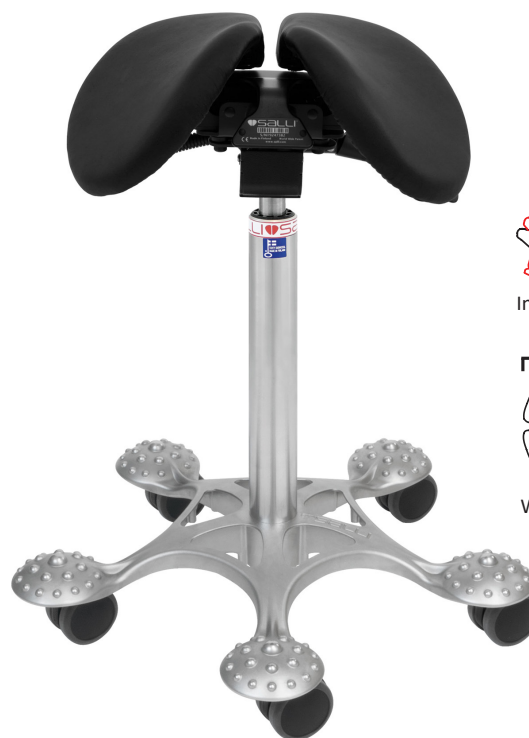

Versatile adjustments for the demanding user.

Because of the tilt mechanism Salli MultiAdjuster can always be adjusted to the optimal position. By tilting the seat it is possible to reach forward without rounding the back.

## SEAT

- Two-part active seat with width and tilt adjustment
- 3 mm steel sheet seat plate
- Leather, artificial leather, ESD artificial leather, or wool

## GAS SPRINGS

	User height (cm)	Chair height Gas spring (mm, min-max)	Chair height Gas spring with Top&Bottom (mm, min-max)
Short	under 150	430-565	440-575
Medium	150-170	525-715	550-740
Long	over 165	595-855	605-865

Mini gas spring is available for special circumstances; use depends on the working height, not on the height of the user.

*Note! If you are using industrial or inline castors, the chair is 35 mm higher than the measurements shown in the table.*

## TECHNICAL FEATURES

- Weight 12 kg
- Height control by hand as a standard;
- Top & Bottom (foot height control) available
- Maximum load 120 kg

## BASES

### Salli Base

# ACCESSORIES

## Suitable For **Salli MultiAdjuster**

### ALLROUND

Allround moves freely on all sides of the chair, and also around its own axis. Can be used as a support for either one arm or both arms. Ø 600 mm base recommended.

### ELBOW REST

Comfortable and steady support for the forearms on the sides and in front. Relaxes the shoulders by carrying the weight of the arms. Good for any precise work. Simple height and distance adjustment (15 cm, 5 cm).

### ELBOW REST 3D

Specially designed for surgeons. It moves smoothly from side to side and back and forth. Ideal when the user needs to move their forearms while doing something very precise.

### ERGOREST

Movable forearm supports on the sides. Suits many types of work, moves very smoothly on a constant level around their pivot point. The comfortable support is 20 cm long. It moves 28 cm back and forth and 28 cm sideways.

### STRETCHING SUPPORT

Stretching Support is meant for momentary stretching only. A backrest isn't needed, because in a balanced position the spine supports the upper body and the muscles can remain relaxed.

### TOB & BOTTOM

Enables height adjustment without using the lever by hand. Recommended for hygienic environments, such as operating theatres and dental clinics.

### FOOT SUPPORT

A perfect accessory for high workstations to support the feet. Recommended for temporary use only. Ø 460 mm.
